In the reference first read above Govt. issued orders for framing Homoeopathy Service rules, wherein it was stated that, the staffing pattern in Govt. Homeopathy Colleges in the State shall be as follows:

a) Professor, b) Assistant Professor and c) Lecturer.

2 In the reference second read above, the Govt. had agreed to the proposal for change in nomenclature in Ayurveda Colleges in the state as per CCIM norms to adopt 3–tier system of teaching faculty by changing the nomenclature of (i) Lecturer(UG)/Technical Assistant as Assistant Professor and (ii) Assistant Professor (UG)/ Senior Lecturer(PG)/Assistant Research Officer as Associate Professor and (iii) Professor(UG)/Reader PG/Research Officer as Professor subject to the following conditions:-

1. There shall not be any additional financial commitment.
2. The Dept. shall not propose assignments of a higher scale to any category on the ground that the responsibilities of the Teaching faculty for PG students and UG Students will be different and the faculty for the PG Courses are entitled for higher scale than those attending UG Courses.
3. This shall not automatically be applicable to the Teaching Faculty to other School Indian Medicine namely Homeopathy and Unani.

3. In the reference third read above, the Commissioner AYUSH while forwarding the representations of President State Health Organisation, has informed that, the staffing pattern of the Central Council of Homoeopathy is not existing in Government Colleges in Andhra Pradesh. But the private Homoeopathy College at Vizianagaram is following the staffing pattern of Central Council of Homoeopathy. Because of this anomaly the C.C.H. team inspecting the Government Colleges is raising services objections. He has requested to change the nomenclature of the teaching posts issued in Govt.Ms.No.1st read above without any change in the pay Structure.

4. Govt. after careful examination hereby order that the nomenclature of the following teaching posts of Govt. Homeopathy Colleges in the state be changed to suit the C.C.H norms with the relevant conditions stipulated in the reference second read above.
